Authorization for this examiner's amendment was given in a telephone interview with Patricia M. Costanzo on December 5, 2006.

The application has been amended as follows:

Cancel claims 21, 22 and 23.

REMARKS: Claims 21-23 are canceled to obviate remaining prior art rejection of claims 21-23 under 35 USC 103 from the Final Office Action of August 23, 2006. Amended claim 24 has been amended to overcome the informal claim objection. The statement regarding the reasons for indication of allowable subject matter is stated on page 5 of the Final Office Action of August 23, 2006.

2. The papers filed on November 22, 2006 showing evidence of at least conception and correspondence(s) prior to the reference to TRUDEAU et al reference (US 2004/0032748 A1) has been considered but is ineffective to overcome the TRUDEAU et al reference because they do not adequately constitute an affidavit or declaration under 37 CFR 1.131.

Art Unit: 2875

3. There is no adequate evidence directed to the developed prototype submitted to establish a reduction to practice of the invention in this country or a NAFTA or WTO member country prior to the effective date of the TRUDEAU reference.
